COUNTER TOP FORMS

(For Poured-in-Place Concrete Counter Tops)

Stegmeier's Counter Top forms are the answer to installing the popular counters found in many contemporary kitchens, outdoor kitchens, baths and commercial sites such as restaurants and bars. These short 2" thick profiles are perfect height for most applications and can be shaped or mitered to any angle.

Counter Top Forms have a smooth, even texture allowing them to be stripped early while there is ample time for finishing.

CARTON INCLUDES:

- 32' COUNTER TOP FORMS
- 1 COUNTER TOP SIDE KIT (25 TIE WIRES, 25 WOOD SCREWS, 1 FOAM PROFILE EDGING TOOL AND 1 ROLL OF BENDING TAPE)

If 3 1/2" thick counters are desired, see Sandstone Form.
