

Drain Dowels

(Fiberglass)

To stabilize a removable top drain, pin the base with drain dowel 3 to 4 foot on centers. Pinning the drain in this manner protects the drain from movement of concrete due to expansion and contraction.

AVAILABLE IN:	PART #
12 Per Carton	DOW-12
24 Per Carton	DOW-24

NOTE: The use of proper "PPE" is required when handling fiberglass Drain Dowels.
